Shape UCSF's Future: Play UCSF2025

Are you ready to play? UCSF2025, a novel online game to engage the UC San Francisco community to share and shape the future of the University, will open up for 36 hours starting at 8AM PST September 11. CTSI and the Helen Diller Family Comprehensive Cancer Center will host gatherings at China Basin on Sept. 11 & 12th to assist those who'd like to participate in a collaborative "gaming" environment.

CTSI Pilot Awardees Streamline Chart Review Research Applications

A multidisciplinary team led by Amy Gelfand, MD, successfully streamlined the application process and form to conduct retrospective chart review research. With support from the 2012 CTSI Pilot Awards to Improve the Conduct of Research, Gelfand and her team members conducted rigorous tests and a redesign that reduced the median time for application approval by the Committee on Human Research (CHR) from 32 days to six days.
