- The UCSF Multidisciplinary [Resident Research Symposium](#) has its highest turnout. [Read more](#)

## Research Data Browser Launch

The Research Data Browser was launched on June 10th at UCSF Informatics Day. This interactive, online tool allows you to explore APeX Data in a self-service manner. Search de-identified patient records, find results, and export the data to an Excel or CSV flat file for patient demographics, encounters, diagnosis, medications, labs, procedures and more. [Learn more](#)
